

Paper Chain Snowman

What you'll need:

- 2 Cardboard Tubes
- Glue or Tape
- White and Black Construction Paper
- Scissors

Instructions:

1. Cut both of your cardboard tubes in half so that you have 4 rings and cut across the side of 3 of them so you can open them.
2. Take the 3 that you have cut open and cover the outside with white construction paper. Cover the 4th ring with black construction paper.
3. Once you have them all covered, cut a circle from your black construction paper and attach it to the same coloured ring to make a hat for your snowman.
4. Attach your white rings together in the form of a paper chain.
5. Draw a face and buttons on your snowman and, using either glue or tape, attach the hat.
6. Now that you have your base, all that's left to do is add your paper chain.
