

What you will need:

- Pretzels
- Pretzel rods
- Orange candy melts
- Black candy melts
- White candy melts
- Halloween sprinkles
- Baking sheet
- Parchment paper
- Ziploc bags

How to make:

1. Line the pretzels up on a parchment covered baking sheet

2. Melt the candy melts in separate bowls in the microwave. Use 50% heat and microwave in 30-45 second intervals. Mixing each time.

3. Take a couple scoops of the melted candy melts, of each colour, and place them into individual Ziploc bags. Set

4. Pour the black and white candy melts into 2 tall mugs. Dip the pretzel into the mugs and use a spoon to scoop the melted candy over the pretzel rod. Leave a little space at the top of the pretzel with no candy coating. Tap the excess candy off the pretzel and lay onto the parchment lined baking tray.

5. Cover the pretzel rods with different Halloween sprinkles. But leave a few bare so you can zig-zag.
6. To create the zig-zag design, cut a bottom corner off the chocolate filled ziploc bags.

7. In a back and forth motion, drizzle the coloured chocolate over the pretzel rods without the sprinkles. Repeat with each desired colour.

8. After adding your sprinkles and chocolate zig-zags, chill the pretzel rods until the candy coating sets and is hard.

9. Your decorated pretzel rods are finished and ready to be served. Enjoy!
