Spooky Spider Webs

Give your trick or treaters a scare with these easy to make 'spider webs'

What you will need

- String
- Water-glue mixture
- Balloons
- Pin or other sharp, pointy object
- Small plastic spider figures

1. Blow up one of your balloons
2. Coat some of the string in the water-glue mixture that you have - this may be easier to do in a bowl or with a brush
3. Wrap the coated peice of string around the inflated balloon
4. Wait for the string to dry around the balloon.
5. Once dried, simply pop the balloon with the sharp, pointy object of your choice.
6. To finish, glue some plastic spiders on to the webs to make it look exactly like a
